Reciprocal Link Exchange - Gateway to Wealth Increase Free Targeted Traffic To Your Website Your success comes only by how your name and your website are famous on the internet thats the Page-Rank and Traffic. This is the goal of every internet marketer, even if they are not aware of it. Reciprocal Link Exchange Website in PHP MySQL Easy to Install, requires one MySQL database Excellent Admin Control Panel Verify the Links, Set Cron jobs Can even be set to automatic mode working while your sleep Full open source codes for you to make changes html templates for ease of editing and designing Add your google adsense or banner codes easily Why Is Reciprocal Linking Important? The popularity of your site is an important factor the search engines consider when listing relevant sites when someone searches in their engine. Search engines will crawl through a website, and store pertinent info about that site, including these links to other websites. The more number of websites the search engine finds with your URL in the link, the higher your site ranking is rated thats page-rank. This is not at all easily attainable for anyone, and for some nearly unattainable. Until now. With Link Exchange Software, you can offer 100 reciprocal linking with others, and be assured it is viable and easy for you to maintain!. Search engines are still and will be the number 1 cost effective means of marketing and publicity. Where do you come in at the Alexarankings? True reciprocal links will have a direct impact on this. What is Reciprocal Link Exhange ? Reciprocal link exchange is a mutual contract between one site owner and the other, where owner 1 displays owner 2's site URL on his website, in exchange owner 2 will display owner 1's site on his. The problem is, these links often are not kept in place by the owner. They may take it off purposely or during editing or redesigning of their website. You never know when your link is taken down unless you manually visit the site it is supposed to be displayed at and check. This can take hours if you have many such links. The Solution to this Link Exchange Cheat This amazing new technology has just been created, one that takes the hours to verify you are getting a true reciprocal link, and automates this chore seamlessly and accurately. Link Exchange Script is a simple, easy to use website software you can install on your site in minutes, that will ensure your link is indeed on these other sites. NO more need of... - Hours verification to check these sites that are supposed to have your link displayed. Instantly verify

your links, and see accurate detailed info. This software can even be set to automatic mode working while your sleep. You gain assurance and confidence you have a growing linkage in place, with a simple login to your admin control panel to manage your website. The best part of all, it is priced fairly. You will not struggle to come up with the funds to purchase Automatic Link Exchange Script. You also have Master resell rights when you buy it, making you money back on each sale.
