Welcome To 2dollar Store all our products comes with Resale Rights. Buy from here and sell it anywhere and make big profits or you can use it for your Personal Use Product Details--- Screen Saver Maker Pro is a program that allows you to make your own personalized screen savers. You can create slideshow masterpieces with this easy to use software. Use your own graphics, photos, videos, screenshots, and even your own music to fully customize your creations. You can sell your home made screen savers or just enjoy your creations yourself. This program is a good way to bring in some extra revenue on your online business web site. It gives your visitors and affiliates just another reason to browse around you web site and just another product you can sell to them. This program is especially for you if you know you can build better screen savers for yourself than someone else can. Software features include: the ability to easily add images to a list, re-order an image list quickly, it allows removing single images or clearing a list and adding a new folder of images. You can also save and load settings for screen savers. You can use an image list order or use a random order for you image display which allows you for even more variety with your creations. With this program you will be able to stretch images for display with no distortion or simply use the default image size. You will have the option to use varying image sizes like eight hundred by six hundred and even up to one thousand twenty four by seven hundred and sixty eight. There are image transitions such as slide, fade, blinds, and many more. You may add locking options such as a password, days to expire, or restrict the number of images until the user enter a password for the screen saver. You can even add a scrolling message to the display. You have the option to hide a message after the user enters a password if you would like. Being able to include music and sound effects in your screen saver is a great way to spice it up or make it more enticing for sale. You can loop a play list into the screen saver for continuous music play or set it to play it just once. You will also have the option of setting up branding such as: title, author, date, file name, or/and web site. You can even set advanced branding options by adding a button, or copyright name. You can add some customization to screen text, links, or any other information for you or your users. When you build a screen saver you can save it to a file. After you save it to a file you can build an installer so you can easily distribute your

personalized screen savers to others. Of course, installation of your screen saver onto your own system is a cinch. There is an easy to understand help file that is included with the program. The help file has very detailed, easy to understand instructions. Any user will be able to make their own screen savers with no problem.
