27 Hot and Fresh Newsletter Website Templates! Have you ever seen a man shooting himself in the foot? Well, this was worse than that... You see, since 2004 I've had the pleasure of seeing well over 156 people shooting themselves in the foot over and over again, or worse even hanging themselves from a tall tree. But why do I say "I've had the pleasure?" You may wonder. Well, the reason is because then I could help 113 of them stop hurting themselves. "What the heck are you talking about??" I think I hear you asking. I'm talking about some honest, hard-working newsletter publishers who spend a lot of time and passion on creating their online newsletter, writing quality articles for it, and sending it to their subscribers... .. only to miss a very important part that kills almost all of their efforts. My pleasure was because many of these people found my website and I could help them find out what they were missing, so they corrected it. So they happily stopped shooting themselves in the foot every time they hit the "Send" button and sent out their newsletter - but they even attracted more and more loyal readers. The question is... Are you sure YOU are not shooting yourself in the foot? You wouldn't believe it when I told you what important part of your newsletter is doing this to you right now. But before I reveal it to you right here, let's take this fun test... Does Your Newsletter Make You Look Like A Thief Or A Trustworthy, Respected Expert? Here's an example to help you see it for yourself... Imagine you have come to a seminar about your business. You meet different types of people and talk to them. During a break, this man comes to you and starts a conversation with you... This Product Comes With Full Master Resale Rights Tags: mr
