Discover Body Language and How it Can Benefit You! From: Alex Major Date: Thursday, June 16, 2011

Dear Friend, Have you often wondered why some people make you feel inferior, or how some people are able to communicate so completely, often times without uttering a word? In those situations and so many more, the people with the power have learned how to use body language to their advantage, from landing that sweet job to the perfect partner. Have you wished you could read body signals better, notice those subtle cues that could offer you a wealth of information about the person with whom you are conversing? Often times subtle body language signals are missed because we are either not paying close enough attention to the person we are engaged in conversation with, or we simply do not know how to read them.

Body Language: Discover and Learn How to Read Body Language can give you the inside track on the numerous different types of body language people use everyday. Effective people use 50 body language and 50 verbal language to express themselves. The use of body language alone can take a situation that you would normally be submissive in and turn it around to where you control all the power. Your body is far more powerful than most give it credit. From the way initial you greet a person to the closing of a conversation simply in body language alone can make or break a otherwise perfect job interview. As you are as you carry yourself, so is everyone else. Think of the advantage you could have over another by having a really strong idea as to how they are feeling before even expressing themselves. Body language is as unique as you are. Although no two people will exhibit the same types of cues, by knowing all the body language cues it will not matter. You will never have to wonder how another person is feeling ever again. You will never have to wonder if it is the right day to ask the boss for a raise or to ask your spouse about that new car you have wanted to buy. You will never be in the dark again on a persons mood when you can read their body language! You could go to your local library and check out book after book and spend days reading or you could simplify and get everything you need right here in just one e-Book. One e-Book can answer any questions you have ever had in regards to body language and set you on the path of having more control over your own body and how others perceive you. The answers you seek can be found in... Inside you will find everything you need to know about how to read 15 different categories of

body language. Not just 15 body language cues or gestures, 15 categories packed with every type possible body language gesture or cue possible. Each category is packed with subcategories so not even the most subtle body language movement will have you questioning its meaning. Do you want to learn how to counteract power body language? This guide will help you do just that. Do you want to know just how to take a person from a closed body language stance to a more accepting open body language? This guide will answer that for you as well as many other situations from defensive counteractions as well as aggressive body language counter actions. Everyone can benefit from learning how to read and identify body language. How Much Is That Worth To You? I guess that is kind of a silly question; How much is that worth to you? is kind of like asking how much is your dream job or mate worth to you. If you have failed many job interviews, this e-book will be the most valuable book you have ever bought. If you are having troubles reading a loved ones feelings, a boss, or even a friend, this book is priceless. If you are just simply curious about human behavior, this book will shed a completely new light on the subject. You could go to the library and check out several books, spend hours reading to try to find half of what is in *Body Language: Discover and Learn How to Read Body Language*, and then forget most of what you read, or you could spend a mere \$17.00 and get all that information in one e-Book and have it forever. If you value your time and your money you will not go wrong with this guide. It will pay itself off repeatedly in all your interactions from work to play to personal relationships. Honing your skills on understanding, reading and identifying body language can enhance your life. By watching others subconscious body language you will know what they are feeling, sometimes even better than they may. Being able to read body language will put you at a social advantage over everyone in your life. That is a huge gain for just \$17.00! What are you waiting for? Take control of your body language and your ability to read others today.
