Now, whats important to you right now isnt what Ive made, but rather what you want to make. So, lets cut to the chase. You can now duplicate the exact system I use for creating these eBooks and launch your own successful eBook marketing campaign. Profit Pulling eBooks is a step-by-step manual for creating eBooks that *really do* produce results. Just a few of the things youll learn are... An 8-step, paint-by-numbers formula for developing eBooks that get results. How to make sure your eBook gets noticed among the traffic jam of free eBooks available on the internet. 4 quick and easy ways to make sure your eBook provides quality content. A couple of checklist questions to determine if you are including valuable information in your eBook. 6 simple suggestions for trimming off the fat and providing the meat people are wanting to feast on. 9 easy ways to use your eBooks as your own 24 hour a day, nonstop salesman. How to actually see sales produced and profits earned from free eBooks. How to get your eBook downloaded thousands of times in a short period of time. 4 easy ways to include bonuses in your ebook and how to use them to produce more sales. How to instill a sense of urgency in the mind of the reader that prompts them to order NOW. One of the most least used techniques in eBook marketing that is also one of the most important. Why presentation is just as important as information when it comes to eBooks. But, thats just the beginning of this 81 page manual that only includes what you need to know. Profit Pulling eBooks actually consists of TWO key sections... Tutorial 1: How to CREATE a profit pulling eBook. This section focuses on WHAT to include in your eBook that virtually guarantees your profits. Tutorial 2: How to quickly and easily COMPILE an eBook. This section shows you how to use the most powerful eBook compiler online to create your own features-loaded eBooks. Tags: im, plr
