To download a free viral product from you? Great! Video can be a powerful tool to bring in more subscribers, members to your site, or get more downloads of your cool viral product. In fact, video can be used in a lot of ways to help you in your marketing, but first... You Have To Get Your Visitors To Watch Your Video! That's where great squeeze page graphics come into play. They make your video stand out from the crowd. They draw your prospect's eyeballs to your video like a magnet. Great graphics can get your prospect thinking "Wow, this looks cool and professional, I better watch this video - it must be good!". Great, professionally designed squeeze page graphics can create anticipation in your prospect. He/She will want to see what you've got to say. But even great squeeze page graphics alone won't always do the trick. You Need a Complete, Integrated Video Squeeze Page Solution! That's where my brand new Video Squeeze Templates package comes in. These are not your ordinary video squeeze page templates. They are designed with a "WOW!" factor built right in, and with some new features that truly set them apart. Introducing... Unique designs that will set your video squeeze pages a mile apart from the others out there. You'll be proud to use these in your marketing. Put your op-in promotions in overdrive with these awesome templates. Here's What You Get in This Package... 2 Basic Killer Designs, a High Tech design and a "HOT!" design with black background and flames. The High Tech design comes in 7 colors, and each color has 7 different styles, featuring different 3D animated Internet Marketing phrases. Just plug in your video code, tweak a few lines of your autoresponder form code (if you have aweber). A basic aweber form code is included within

all the templates, but you can use any autoresponder form in these templates. Just replace the existing autoresponder form code with the one you use. Easy!
