How To Make Money With I-Phone Applications! An increasing number of people are getting I-Phones that are very user friendly and do so much more than just a phone. In fact, a great deal of people are saying that technology such as the I-Phone will soon replace technology that we have now, such as the laptop computer and regular phones. Even if your technological expertise is limited, you can still make money using the I-Phone applications. You just need to use the right type of tutorial to help you understand the concept and how to market the product once it is completed. This guide will teach you everything that you need to know about how to get started building an I-Phone application, where you can distribute it and marketing skills that are necessary to sell the application. In this report, you will discover:

- 1) What is an I-Phone application? This book will explain to you just what an I-Phone application is and how you can use it to make money. It will teach you the concept of building the application and what type of software you can use to create the application, or widget. It will even give you resources on how to get the application.
- 2) How to sell the I-Phone application After you have created a successful I-Phone application, you will want to sell it. This book explores the various ways that you can not only sell the applications, but how you can make money giving away the product as well. You will see how easy it is to actually make money in various ways with these very popular applications for the I-Phone.
