Now You Can Drive Insane Traffic To Your Web Site Using The Magic of Article Submission... ...and it all happens practically on autopilot! I was totally amazed when... ... I finally stopped to add up all of the money I had been spending on advertising my web site. Fifty dollars here, a hundred there; pretty soon it had become a substantial amount of money and I wasn't seeing much in return. On top of all that, I was pouring more than I care to even think about into Google and Yahoo ads.. That's why I created Article Submitter! You see, like many of you I had read all of the Internet marketing "how to" books, and I had become convinced that it took money to make money. Those books told me that I had to buy ads in the major search engines, rent e-mail lists and pay to insert ads into e-zines. So I clicked on the links to the programs that they recommended and I spent and I spent and I spent. I did EVERYTHING that the "Gurus" told me to do and I ended up spending more than I was making. I felt deceived! Does it frustrate you that you have been lied to, ripped off, and literally been taken advantage of by blood sucking MLM, and internet marketing program owners? The reason you, and many others, may not have found financial independence yet, is because these owners are only interested in getting rich quick, leaving you poor fast! Article Submitter is the Fastest and Easiest way to get your articles posted on hundreds of article directories without spending hours and hours on the manual labor of doing so! Use Article Submitter and your articles to establish yourself as an expert in your particular area. Use Article Submitter and your articles to make more sales. Use Article Submitter and your articles to generate more traffic. Use Article Submitter and your articles to increase your Google Page Rank. Use Article Submitter and your articles to boost your Alexa rating. If You have always wanted to be able to quit your day job and break into the Internet Marketing world "Article Submitter" is a great way to do it! Grab this incredible software now! Feature one Article Submitter has 138 Auto Fill article directories for you to start posting your articles to! It also has an additional 25 Manual fill articles directory sites as well. Feature two You will have the ability to edit the included Article Directory submissions sites! What if one of them closes down... you just delete it from the list of directories in the software. What if another Article Directory site starts up that you want to submit to? You just use the Add Directory button and add as many additional sites to the software as you

can find! We have 163 Directory sites already loaded in but you are welcome to load in as many more as you wish. There are some brand new submission programs on the market proclaiming themselves to be the best, but they are just a "pale copy knock off" of Article Submitter. They lack security and accuracy of submission, and contain only a fraction of the features. Some of these other software will have you submitting articles where they are not wanted and many of them even post a link back to their software right in your articles that you submit. No where in any articles you submit will you ever see any mention of us or our software, not to mention the Article Directory owners will not have any idea you used a submission tool, your articles will look totally hand submitted. Feature three Article submitter does not just allow you to load in 500 articles and hit a button a forget it. Any software that promises this is doing nothing more then spamming your articles all over the Net. Article Submitter software stores all of your personal information, resource box, and articles. It then will proceed one at a time to go to each of the articles sites for you, log you in and auto fill all of your content including your name, your article, your author resource box, even an article summery on any sites that ask for it! You will then need to manually select a category- this is the only real way to make sure your article ends up in the right place when we are talking about 163 article sites. You then click the submit button and bam... you have just submitted another article and it appears totally manual and natural to the article directory owner which is a must if you want your article to actually get published! As you can see, my Article Submitter is EVERYTHING you need to start driving insane traffic to your web site using the magic of free articles. keywords : email marketing,ad submitter,ad blaster,website submission,website marketing,seo,search engine,submit site,submit website,free website,bulk email,bulk mail,bulk mail submission,bulk email submission,email sender,email software,website seo,send email,send email to thousands,email software,send email,home business,ffa,free email sites,free email sender,cheap email marketing,mass mailing,mass emailing,emailing ads,emaling ad,fast email marketing,forums,forum submitter,forums submitter,auto submitter,auto submission,traffic booster,traffic hurrican,website traffic,seo,boost sale,boost visitors,website promotion,email booster,website matketing,web marketing,instant booster,blog booster,blog buster,forum buster,auto forum submitter,Link Popularity, Google PR ,Search Engine Ranking, Link Directory Submitter,PR4 , PR7,FFA,Directory Crawler,article submitter,submit article,article marketing,quick articke submit
