Cashing In On Free Online Video Sites To Get More Website Traffic. Dear Fellow Marketer, Does it ever feel like it is getting harder and harder to get new, qualified buyers to your websites to buy your products and services? Does it seem like search engine optimization actually is rocket science and other traffic generation methods like pay-per-click or banner advertising are always costing you more money? If so, you're not alone. New Report Reveals An Amazing Source Bursting With Traffic That Few Marketers Are Using... Did you know that YouTube serves up over 200 million video clips per day? It's true...people are flocking to online video sites in droves, and they are watching so many videos, that even network television is worried that they'll become obsolete. It's so wonderful because barely any marketers really know how to use it as a promotional method. Simply put, creating 1 video promotion today can potentially get you hundreds of thousands of visitors to your websites in the future...And it's totally free because these sites pay for all of the bandwidth, hosting and traffic to your video promotion. Inside this eBook, you'll learn: How to do important keyword research on YouTube before you ever start to plan your videos (picking great keywords to tag your videos with). The most important information to look at when researching. What types of videos are popular? Learn the 10 important factors that are part of almost all wildly popular videos. Want people who watch your video to go to your website? Learn where in the video should you put your website URL. Everything you need to know about how to brand the video with your company name and site URL using free (and easy to use) video editing software. The secret to increasing your video views with custom thumbnail images. How to build your own niche video community on YouTube with the groups feature. Explained: The 5 minute process to create a custom profile and your own custom channel information (This will give you a big advantage when people sort for 'Channels', 'Groups', and 'Playlists'). How to to add effects like titles, credits, transitions, and soundtracks to make your video an exciting multimedia experience. The secret of viral videos: Learn what makes people send YouTube videos to their friends, family and coworkers. How to use videos as a sales device on your company website (even if people don't find your video while searching YouTube, you can still use video to increase sales). What you should absolutely NOT do after you've uploaded your video. You don't want to

miss this: Where to get amazing software which can animate a human face into realistic looking cartoon. Multiply your efforts with a list of more than 20 other very popular free online video sites. And You'll Also Get Actual Case Studies... Think it's all smoke and mirrors? Not so --I've included actual case studies of five different YouTube advertising campaigns which were wildly successful, so that you can emulate them...You can watch the videos for yourself and learn what made them so successful firsthand!
