"Use the Power from QR Codes with marketing and lifts your business in the next level!" Are you a business owner or local business consultant who needs to create these QR codes to pull instant responses from your mobile phone customers?... More and more savvy local business owners are beginning to understand the value of promoting their website and services using these increasingly popular QR (Quick Response) codes. The scanning of QR codes rose by a whopping 2000 in the last 6 months of 2010. Their usage is set to explode in 2011, thanks in part, to this software which places QR code production firmly in the hands of the general consumer. What is QR Code? A QR Code is a specific matrix barcode (or two-dimensional code), readable by dedicated QR barcode readers and camera phones. The code consists of black modules arranged in a square pattern on a white background. The information encoded can be text, URL or other data. Encoding features include: Text Messages Website URLs Email details Business card contact information Mobile phone number PayPal Links Social Media, FB, Twitter etc. And much much more Until now, if a small business wanted one of these Quick Response codes custom producing, it often came with a large business price tag, from consultants and agencies, with access to this emerging technology. Not Anymore!!! Now you can download, in seconds, this QR Code Generator Software for use on your own desktop. Create multiple QR codes for your business or personal use, you can even charge your local businesses a fee to create them. This software is compatible with Windows/XP or later and installs in less than one minute. Lets recap about what you will receive... Die Quantum QR Generator Software. Eine Video Trainingsanleitung.
