Want to save money on design fees? Looking for an easy way to create simple graphics for your site yourself that actually look good? Don't want to spend too much time messing around with graphics software? "Super Easy DIY Graphics V2" is a set of premium quality PSD source files with pretty much all the mini site graphics that a person needs. All of the graphics come in fully editable PSD files and are also in vector format (all of the layers, special effects, gloss effects, etc. its all in vector format). What that means is that these graphics can be resized to ANY size without a loss in quality (even print resolution).
