Why Men Lie and Women Cry PERSONAL USE RIGHTS ONLY! Why Men Lie and Women Cry reminds us why Allan and Barbara Pease have been so successful in teaching us to understand ourselves. They combine a blockbuster style of entertainment with jillions of facts about human nature, the battle of the sexes and what really makes us tick. Why Men Lie and Women Cry goes further into the territory covered by their first coauthored bestseller Why Men Dont Listen and Women Cant Read Maps. Both books are written in a punchy, funny style with quick pace, quick wit and quick page-turning power. This is popular psychology with the emphasis on popular. Inside the front cover were given a photograph of the husband and wife coauthor team, and they beam out to us as all happy, suntanned, beautifully groomed self-help authors ought to. If you are cynical about human nature, believe people dont really change and suspect self-help is a shallow con game, then dont buy this book. But if you believe we can learn to understand one another better, can build better relationships and work towards a happier and more abundant life, then Why Men Lie and Women Cry can provide practical help in a fun-filled, chock-full of facts informative way. -- Dwight Longenecker _____ Visit My Store For More Deals!!!
