

Harmony For Improvisation 1

[DOWNLOAD HERE](#)

For blues harmonica students in the BEGINNER and ADVANCED BEGINNER category who seek some basic grounding in harmony that will strengthen their understanding of the instrument and improve their abilities as improvisers. INTERMEDIATE players who have neglected this element of their musical education may also find this lesson useful. (Please check out the free preview, which will give you a better sense of this.) Your host is Adam Gussow. This zip file includes one QuickTime video plus one jam track in the key of G. There is NO tab sheet with this lesson. All concepts are explained slowly, clearly, and with a keen sense of their practical application. Particular stress is placed on making potentially difficult concepts--chord tones, scale degrees--both fun and accessible. Harmonica key: C Running time: 48:58 (long!)
