"Give Me 30 Minutes And I'll Have You Ready To Spot Every Dollar-Stealing Scheme A Commissioned Salesmen Is Likely To Throw At You!" Allow me to let you in on one scheme right here. I'm doing it for your own good - and to let you know what you will find in my course. If you are ever sitting at a desk while the paperwork is being written up - watch out if the man handling the paperwork receives a phone call. Watch out if he makes a statement such as, "I'll call you right back if this one opts out of the deal." Do you know what's coming next? As it "turns out," someone just called in making a better offer on the same car that you wanted. If you still plan on driving your shiny new vehicle home, you're going to have beat his offer. You don't think one of this salesman's coworkers wouldn't give this a shot? Someone who's not busy with a customer - who could help out his buddy that he takes lunch with every day? And your salesman, the one writing up the contract, knows full well who it is on the other end of the phone. But he is more than willing to accept this help from his loyal friend. It would give them something to talk about in the bar on Friday night! Drinks are on him! If you don't think this happens, you're being naive. Stand up and demand a copy of "Auto Cons" You can be reading it in minutes from now. If it is possible to get a better deal, then my report will show you how to do it.
