You also get Master Resale Rights to this software, a copy of this Sales Page and a copy of the Manual telling you how to do it all - so, if you don't fancy writing (and even if you do) you can resell this complete package for 100 profit too! Now - what are you waiting for ... What People Are Saying ... "eWriterPro is great for writing articles and ebooks, but what I like most is how it keeps everything organized in one place. I can sort by niche or category which is handy when you've got a bunch of different projects going. The backup feature is pretty good too." Jeff Hiebert EasyOnlineMortgage.ca "At last! A simple tool that makes creating ebooks easy! Instead of fighting behemoth software with arcane commands doing who knows what (that suddenly screw up what you were doing when you accidentally hit the wrong key) -- you can create an ebook practically in the time it takes you to launch the help file of other programs. Add the utility of the ebook & article buttons and easy-to-find and use backup problems with a reminder - this has got to be darn close to ideal for rapid turn around of articles and ebooks." Judy Kettenhofen "Adding text boxes and pictures couldn't be easier. I like being able to pick up just about any format and convert it to a clean looking PDF. I have used a lot of PDF conversion programs, even some of the free programs but somehow you always loose the formating. With eWriterPro its simple and quick. I also love that the software keeps all of your source non PDF files in an archive to reopen and edit quickly." Jonathan McGuire JonathanMcGuire.com PS - Yes - don't overcomplicate things - it works! If you follow my simple steps, you will be up and running in no time. To get started right away click that Button Now ...
