"Discover How You - Or Anyone - Can Quickly Solve Three (3) Of Your Primary Goals In Internet Marketing Through The Magic Of Giving Away FREE Reports!" If You Have A Long Yearning On Building Your Mailing List At Warp Speed And Making An Abundance Of Income In The Process In A Low-Cost Fashion, Then You Owe It To Yourself To Read Every Line Of This Letter! Dear Internet Marketer, If you want to truly succeed on the Internet as an online marketer, you should be focusing on only 3 things... and nothing else! "And what are the 3 things?" you ask. Well, they are: Focus on building your credibility. Contrary to popular opinion (that's why they belong to the 95 group of people who are failing miserably in marketing online), your credibility MATTERS. As with anything else, online or offline, one of your primary goals should be to establish a presence in your chosen niche or marketing scene. It's human nature to believe (and even buy) on a trusted person's recommendation - and let that trusted person be YOU! Build your mailing list. Keep doing this and you can declare a "home run". Marketers are often saying "money is in the list" not for nothing. If you want to generate insane profits, you should focus on building an insane amount of mailing list with insane quality, too! Simply put, you need to have a continuous stream of hungry prospects who are demanding for your solutions. And what often follows is that... You should be selling! Income is made only when you sell. Period. Focusing on building your credibility followed by building your mailing list and then sending your endorsement emails result in... Massive Sales! This is a time-tested principle and as long as you make this three goals your primary focus, you will be enjoying long-term online wealth. In as simple as it may sound, it still comes across as a surprise to me why many people are doing anything - from reinventing the wheel to reinventing mistakes (ouch!) - when there is actually no need for those. Well, perhaps they weren't aware of what to focus in their goals in Internet Marketing. Or maybe they didn't read this letter (makes you feel glad, am I right?). "True, But That's Easier Said Than Done!" Is that what you're having in mind right now? It may looked as if I have just spilled the beans after exposing the simple "often overlooked" recipes of Internet Marketing success, but the problem is: how are you - or anyone - going to go about doing just that? For starters, you might just be a starter in Internet Marketing. And that often means your name is just another name or another

"anybody" online. You don't have any credibility to begin with. And what about a list? Perhaps you don't have a substantial list, if any at all. And without those two, it's a small wonder why you're not making much money yet, if any at all, owing to lacking the first two success ingredients (notice there's a certain hierarchy there?). Maybe you're an affiliate marketer who is looking to make a decent income promoting other people's products for handsome commissions. Maybe you want to have your own digital product but simply hate writing. But the stories you've heard about people making a wild income online continues to inspire you. Now, what if I show you how to build your credibility substantially, explode your mailing list into swelling proportions and increase your sales exponentially - simultaneously? And you can achieve all these with a book written less than 20 pages? Introducing *The Essential Guide To Making Magic With Mini E-Books And Short Reports: MINI E-BOOK GOLD MINE* 61 Pages, Letter-Size, PDF Format, Instant Download

That's right - I'm going to show you how to quickly achieve three of your primary goals in Internet Marketing through the magic of giving away FREE reports!
