THESE SPELLS were originally worked by the mystics of ancient Sumeria, a mysterious civilization that flourished in what is now known as Iraq over two thousand years before the birth of Christ. No one knows who the Sumerians really were, or where they came from. Some say they came from the darkest parts of Africa, where they were a nomadic people. Then, suddenly, in less than a hundred years they became a full-fledged agricultural society with cities and farms and beautiful temples that reached to the skies.
