Is there a Road Back?, and,, are we willing to take the first step to find it? We all know how many minutes we have on our cell phone calling plans, but how many minutes do we have left on our Spiritual Earth Walk? Can we learn how to listen, can we stand before a new day giving thanks for the Sunrise and our lives? Will we truly value and understand that we must take this Road Back if we are to survive as a people rich in Spiritual Values, leaving a "Living World" to our children's children's children, to the 7th Generation. We have become a throw away society, and we are throwing away our Elders, our Families, our beliefs, the Earth, and our futures. May you have the strength and courage to take that first step. May you reach back in time to embrace and be embraced by a gentle, loving, kind Spirit and, walk with people who, like you have considered, and have chosen to walk their Sacred Paths living with values, of honor, respect and pride in who they are ,what they believe in, and what they stand for. We live in a world of so many choices, but only in the stillness of your being, can you listen to find your inner voice. Let it lead you to make your Spiritual Journey on The Road Back, and may you listen to the drum of your beating heart, leading you safely to your future, and your highest and best dreams.
