

Mp3 Eric Schwartz - Self-bootleg

[DOWNLOAD HERE](#)

Lenny Bruce, Barry Manilow, Weird Al, Frank Zappa, John Denver, Kinky Friedman Chet Baker and Woody Allen had their way with Eric's mother, Lil Kim. 13 MP3 Songs FOLK: Modern Folk, JAZZ: Jazz Vocals Details: Self-Bootleg is much like Eric's current solo live show. Well, it IS a current solo live show ('cept for some groove and the occasional outburst from the inimitable Billy Jonas.) Runs the gamut from smooth to smut, vulnerable to vulvic, with an emphasis on the latter. Ever the entertainer, Eric's worst nightmare is an audience just SITTING there. He writes accordingly. You'll love him. You'll hate him. You'll do him. You'll laugh in spite of yourself. Or your date.
