

# InDesign Wedding Album Templates

[DOWNLOAD HERE](#)

I based the design of this set from what I feel were the best templates from my Photoshop vol 1 set with a couple new custom templates. You will receive a total of 50 double page spreads in two size sets (24x12 and 20x10) in two different styles: One set of 50 spreads containing black backgrounds with white strokes. The same set of 50 spreads containing white backgrounds with black strokes. For other templates or more info, visit [dustinizatt.com/albumtemplates](http://dustinizatt.com/albumtemplates)
