Roots reggae straight from the heart bringing the awareness of spiritually to each and every man kind for equal rights and justice to all nations 15 MP3 Songs WORLD: Reggae Details: -----D.R.E.A.D I B.A.C.K----- *****With Big Reggae Album***** Some British reggae followers heard him play in st. Maarten and after liking what they heard they invited him to their country to share his music with their fellow Englishmen and since then we haven't seen a lot from dread I. Although the reggae artist has been very busy in Europe he's now back in St. Maarten to share with us his new album Yes!!! It Is!!! Rough And Ready!!! After "you're Strong came "let Jah Be Your Guide" and now its time to allocate reggae music with Dread I's New Cd "SHARE THEM" A lot of people have waited for my next CD and after some hard work it is finally here! said the conscious reggae singer. After spending 11 months in cold Britain he came back for some warmth in St. Maarten. " England was nice but it's good to be back here" he added. Dread I has been busy in England with performances at various festivals and writing lyrics for his new album. The experience with London enhanced me in going deeper with my writing. You know you go a little bit further and you learn about new things that help you develop in your music. I,ve also met with different artists including Culture and Burning Spears he said.
