

Tektronix Tekscope Nov-dec 1972 Issue

[DOWNLOAD HERE](#)

7211: "Progress In Semiconductor Testing" -mentions 577 177 178 D1 D2 "Oscilloscope To Curve Tracer With One Plug-In" -mentions 5CT1N and 7CT1N (Sub headings: Testing Signal and Power Diodes, Testing Zener Diodes, Testing Tunnel Diodes, Testing Silicon Controlled Rectifiers and Silicon Controlled Switches, Testing NPN - PNP Transistors, Testing Field Effect Transistors.) "Delaying Sweep Goes Digital" -mentions 7D11 "Teknique: A Practical Approach To Differential Amplifiers and Measurements" (Part 2 of 3) -mentions 453A 7A22 5A22N P6055 "Service Scope: Servicing The 5100-Series Display Units" -mentions D11 20 pages Please note that we have literally thousands of PDF manuals available. We specialize in electronic test equipment manuals but do have others, plus a considerable number of general electronics texts, references, handbooks, and etceteras. We distributed these on the largest auction site for ten years before their greed and disgusting anti-vendor practices compelled us to close up shop there. The majority of products listed on our web-site, aa4df dot com, can be brought here for your consideration at your request. Tags: 577
