

Public Health Law And Ethics: A Reader

[DOWNLOAD HERE](#)

This incisive selection of government reports, scholarly articles, and court cases is designed to illuminate the ethical, legal, and political issues in the theory and practice of public health. A companion to the internationally acclaimed *Public Health Law: Power, Duty, Restraint*, this collection encourages debate and discourse about how courts, scholars, and policy makers respond to the salient legal and ethical dilemmas. The excerpts and commentaries in the reader analyze the legal and constitutional foundations of public health, juxtaposing them with the emerging importance of public health ethics and human rights. The book offers a systematic account of public health law, ethics, and human rights in promoting the common good. Gostin provides thoughtful commentary on the field of public health and carefully explains the meaning and importance of each selection. Scholars, legislators, and public health professionals, as well as faculty and students in schools of law, public health, medicine, nursing, government, and health administration, will benefit from the contemporary case studies covering a wide range of topics from bioterrorism to public health genetics. Publisher: University of California Press Illustration: N Language: ENG Title: Public Health Law and Ethics: A Reader Pages: 00000 (Encrypted PDF) On Sale: 2002-06-27 SKU-13/ISBN: 9780520231740 Category: Law : Public Category: Law : Health Category: Law :
