"Here's Your Chance To SAVE \$100.00 On The Turnkey Million Dollar Pixel Ad Business That Changed The Internet Forever, Guaranteed To Get You More Quality Leads, And Make You More Money... While You Relax and Count The Dollars Rolling Into Your Bank Account!" Dear Friend, Let's face it. With all of the competition on the Internet today to grab peoples attention, it's making it essential for you to attract more quality leads and email list subscribers through unique ways, and due to the fact that there are more instant businesses that people with no knowledge can just jump into, the increased competition is worse than ever. Simply put, growing your customer base and subscriber list today is getting harder than ever unless you discover the secrets for easily, effectively, efficiently and affordably attracting more business, customers, and email leads in powerful and unique ways. So What's The Secret? It's simple once you realize the most important knowledge you need is that staying on the cutting edge, and providing these unique opportunities when they come along to the buying public can and always will put more money in your pockets, because you're providing what people already want, there's already a market and need, you simply fill that need. Yes, it's true... It has been proven that providing what people are already seeking is the easiest way to put money in your wallet. Let me give you an example. I can remember a time when I had all kinds of ideas that were going to change the Internet for many different webmasters, and Internet marketers. I would create these programs I "thought" were going to be hot sellers, yet I never made enough money from them to pay the rent. One day while reading the latest marketing info, I realized that I had been putting my effort into all of the wrong programs and ideas. I was creating what I "thought" the market wanted, rather than supplying them with what they were already seeking. Once I did my research and found a few programs I could create that people were already seeking, I started making a lot of money, and making it with very little effort. All you need to do is supply the market with what it is already seeking, and you will have an instant winner! That's why I created this Instant Turnkey Million Dollar Pixel Script, because that is what the market is looking for, new ways of advertising their businesses, and now you can supply that opportunity to them too. But don't take my word for it, here's what people from all over the world are saying about the Million Dollar Homepage unique pay-per pixel advertising opportunity:

----- "We were very skeptical about advertising on the Million Dollar Homepage; even though the visitor numbers are undeniable, we did not think that un-targeted traffic would result in actual sales. To say that we were surprised with the results would be an understatement. Our sales increased 40 50 within a week of going up on the Million Dollar Homepage through all of our online retailers and have stayed at this level until now. We are still measuring the impact this had on sales through traditional retailers." James Calloway, President, DS Laboratories, Inc., USA

"Our hits have quadrupled, and our sales have gone through the roof. We only bought pixel space for a bit of fun, but now it's as though we're a part of Internet history. Where were you when the million dollar homepage launched?" Will Marston, Managing Director, Lollipop Animation, UK

"I only bought 4 blocks for \$400 and the hits (and more importantly revenue from my site has exploded!) ... I'm going to be adding another block today!" Chris Dutton pokeroffice

----- I know you're probably still skeptical and a bit on the conservative side, but think about this - if you keep doing the same things over and over again - you'll only succeed in getting the same results. That's why I want to let you try out my proven money making system - completely and totally risk-free! (I'll tell you about my unique guarantee in a moment.)

Okay, So Now I Bet Your Next Question is, "What's All This Going To Cost Me?" Instead of thinking cost, you should consider investment. Remember, I spent \$2200 dollars out of my own pocket to have the Turnkey Million Dollar Pixel Ad Script developed alone, this does not include the incredible super bonus gifts I'm including with your package. Remember also, that just because you end up with a finished script in your hands does not mean no work for you. You'll still have to hire someone to create the sales letters, graphics, and everything else that goes along with building business websites for you or attempt to do them yourself, which is never fun anyways. Combined them all, and pay a programmer to create these incredible scripts for you, you could easily pay well over \$4000.00 to have these all completed and ready for install. But, I'm not going to charge you \$4000 or \$1000 or even \$197, seemingly the going rate for individual private label products these days (which don't even give you a quarter of the high powered, money making software I've assembled for you here)! During this special one time offer, your entire investment is only \$97. Plus, You get \$594.00 in free bonuses! But remember, you must take action before midnight to get all these free bonuses and save \$100.00. Don't set this aside--chances are too great you'll forget. Think about your return on investment here: If you simply sold just one of the private label software products I'm giving you absolutely free with your order, you would already have paid for it many times over. Plus you get my... One Year 100 Unconditional No-Risk Guarantee Your purchase is backed by the strongest, most ironclad guarantee you'll ever see in print. You get a full 1 year, no questions asked, no fuss, 100 money back guarantee. Yes, one full year to try out everything in the system and decide for yourself if I'm full of it or if my marketing strategies can really add more zeros to your bottom line. The risk to deliver is entirely on my shoulders. You risk absolutely nothing. Because if

you don't think this entire power-packed software package you're getting is worth at least 10 times your investment - then I truly want you to send it back for a full refund of every penny paid (less shipping and handling). I trust you to be fair. But I doubt you'll do that once you discover what's inside this incredible package. Even More Good News! I'll Even Ship This To Your Door Free! Not only are you getting a significantly reduced price, but you're also going to receive the entire package shipped to your door at absolutely no cost to you. Don't worry though, you will have immediate access to download your products right after your successful payment through our secure payment processor. I simply want to send you everything here on CD-ROM, because I know how easy it is to have a computer crash and lose everything on your hard-drive. So if you are serious about building an incredible online business or simply want to add even more money to your bottom line...then you can't overlook this risk-free opportunity to grab private label rights to these bonus products, while building your own advertising system and adding more leads to your email list like never before. If my marketing and software products didn't work, there's no way I could ever give such a comprehensive guarantee. Your investment of \$97 is peanuts compared to all the money you're probably going to flush down the toilet on other ineffective marketing info products or software programs that no one spent any time testing at all, and that just doesn't work. That means... You really can't afford not to invest in this incredible business package!
