"iPhone Niche Audio eCourse from Ginny Culp on Article Marketing!" Welcome to a five part audio series on iPhone Apps. An increasing number of people are getting iPhones, that are very user friendly and they do so much more than just a phone. In fact, theyre COOL! And many people are saying that technology such as the iPhone, will soon replace technology that we have now, such as the laptop computer and regular phones. Even if your technological expertise is limited, you can still make money using the iPhone applications. You just need to use the right type of tutorial to help you understand the concept and how to market the product once it is completed. This audio series will teach you everything that you need to know about how to get started building an iPhone application, where you can distribute it and marketing skills that are necessary to sell the application. There is no end in sight to iPhone applications. They range from finding stock quotes to playing an interactive video game. There are already thousands of iPhone applications and more hit the market regularly.
