It often takes HOURS OF VALUABLE TIME to figure out the answers to those all-important questions. After all, the WordPress plugins catalog is HUGE - currently listing over 11,000 entries ... And while the downloads are FREE - finding the right plugin for your needs can be a huge drain on your time - and in some cases even an absolute nightmare! Each theme listing in this directory gives you all the info you need: Theme Name And Category Screenshot of the Actual Theme Quick Download Link List Of Required Plugins For Theme List Of Theme Features As a bonus ... I am including my never before released WordPress and Blogger guides Have you ever needed to recap a specific bit of information or help - remembered seeing it recently - but can't remember which training video it's on? Then you got sidetracked for two frustrating hours - shuffling through a dozen different video files trying to find it? Don't get me wrong ... Video media is a great learning tool. But when it comes to teaching a mechanical process (like setting up and tweaking a blog) many people find it easier to back-reference from a traditional media constructed of pictures and text. So even if you DO already have access to video training for Blogger and WordPress - these heavily illustrated step-by-step guides will be an asset in your digital library for a long time to come. Also because my business model DOES NOT involve ripping you for \$1497.00 and then disappearing to Costa Rica until I need to soak the market for another million or two. Just \$17.00 with Master Resell Rights including bonus!
