Men speak of the horrors of nuclear weaponry and the need for nations to co-operate in peace, but Bible prophecy reveals it will take a nuclear war before men will unite for "peace and safety." This book intends to show, however, that the destruction heaped upon this earth by men cannot compare to the awesome judgments delivered by an insulted and wrathful Holy God. Most books on the Revelation major on political and historical events and overlook the physical, alluding to them only vaguely. This author contends that without the colorful physical background the political and historical aspects cannot be viewed in their proper perspectives. A truly new and different approach to Bible prophecy, Rightly Dividing the Book of Revelation links Old Testament prophecies to the Revelation by mated verses. Besides highlighting the many divisions, it also adds the literal interpretation and explanation of physical judgments. They include: Worldwide earthquakes, worldwide tidal waves, exploding volcanoes, meteoric showers and even a planetary collision. God promises His beloved ones a new heaven and a new earth (2 Peter 3:13). The book of Revelation allows us to watch while He remakes them! Words: 2 god of war, awesome show, god 2 of war Author: Becker, J.E.
