Building Your Business Starting from the Ground Level Willie Crawford has been online for about ten years. He teaches people how to put together their own products and services and market them over the Internet. Primarily, he works with information products. I recently noticed that Terry Telford and Richard Butler were doing and I thought it would be nice to put together this great interview. ****Please Note*** Don't be impressed with people selling the "high quality" version (320kps). That is studio musicians quality. This is a recored telephone interview! 64 kps is MORE than enough to give you great listening quality. All the "high quality" version does is take up 5 times more space on your drive or mp3 player**

===== You get: 24 Page
