A childhood accident left Emmaline vulnerable to disturbing fugue states that last minutes but feel like an eternity. The blackouts are unsettling but manageable...until she meets Johnny Dellasandro. The painter gained fame in the '70s for his debauched lifestyle and raunchy art films. His naked body achieved cult status, especially in Emm's mind she's obsessed with the man, who's grown even sexier with age. Today he shuns the spotlight and Emm...until she falls into a fugue on his doorstep. In that moment she's transported back thirty years, crashing a party at Johnny's place. The night is a blur of flesh and heat that lingers long after she's woken to the present. It happens again and again, each time-slip a mind-blowing orgy, and soon Emm can't stop, though every episode leaves her weaker. She's scared by what's happening, but she's even more terrified of losing this portal to the Johnny she wants so badly. The one who wants her and takes every chance he gets.
