Your Video Powered Commissions Are Waiting! Are you ready to stake your claim in the lucrative growing market of online video? But wait a minute... Maybe you already know how time-consuming it is to create your own videos, and the product vendors who create videos only show them for their own use (not for their affiliates!). Up to now you were correct in thinking just that, and your only choices were to invest a lot of time and money in learning to run expensive video tools... OR just plain lose out on this monumental opportunity all together... But with Affiliate Video Brander, huge video powered commissions await you... and you DON'T even have to create your own videos or mess with difficult Flash files or HTML programs, BECAUSE all you have to do is click a few buttons and our software does the rest. Order now and harness the power of online video... Now It's So Easy to Start Making Those FAT Video Commissions... Unlike other people's attempts to incorporate videos into marketing, there's NO distractions to the viewer when you use our video strategy. There are no unwanted outside links or running text, which tend to distract the visitor, and leech away from your sales. Instead, our targeted pages provide only the video, active links of your choice, and an optional automatic redirect that leads directly to the sales letter or order form. Our results have shown that THIS strategy is extremely effective! So, if you're going to send visitors to a video page, then why not use a super focused video page with a built-in call to action. A page that not only "Tells" but also "Pre-Sells", leading viewers exactly to where you want them to go. In other words, instead of merely sending visitors to a "presentation", you're sending them to a sales-driving, commission earning machine! With Affiliate Video Brander, affiliate marketing meets video dead-on and puts this new powerful method directly into YOUR hands. Now YOU can use online video for REAL profit! With the ocean of online videos being created everyday, you have access to an endless supply of video content that's ready to help you make fat commissions when people buy after viewing your branded video pages! When I understood this principal I went and got permission to test some videos using our newly developed Affiliate Video Brander. Soon my eyes were popping wide open watching sales pour in, simply by BRANDING the product videos with my own affiliate link!
