downloading too many ebooks to your computer! Here's the huge different from any other ebooks about list-building: These are not theories. We are talking about real-life case study how they did it. Some of the marketers even shared a step-by-step explanation how to set it up! "So How Much You Are Asking For This Valuable Hold-Nothing Information?" How about a reasonable \$300.00 on the table? \$300.00 is aren't my lucky number or a number I pluck from the sky. You see, it took me 3 hours to get all of these interviews completed. My hourly fee is \$175.00. Then, don't forget to plus these marketer's hourly fees. Let's assume that they charged \$175.00 an hour as well. My time of 3 hours x 175 = \$ 525.00 Interviewees time of 3 hours x \$175 = \$ 525.00 Total = \$ 1,050.00 Fee to hire someone to transcript = \$ 300.00 the interview Miscellaneous cost (Such as long = \$ 500.00 distance phone calls, writing this copy, putting up a website, editing the audio, my time lost and etc) Grand total = \$1,050 + \$300 + \$ 500 = \$1,850.00! As you can see, a \$300.00 price tag is very reasonable for the time, money and effort I had to put through to get this information ready. But hey, I want to be totally honest with you. I'm marketing this product on the internet and hundreds of people are going to jump on this. I don't need to sell at \$300.00 to make a decent profit. That's why, you can get this valuable interview for \$300.00 \$7.00 only today.
