"Who Else Wants To Make Their Newborn In To A Super Baby? - Learn EXACTLY How To Nurture, Love, And Teach Your Child Starting From Day One" It starts the day you bring your newborn home... Every parent wants to make sure they provide for their child the best they can. Every day of their young lives. But infants don't come home from the hospital with a manual. Loving your child is the easy part. Making sure you raise them to the best of your ability is not. When every person you turn to has an opinion about where to put your baby's cradle, to listen to their crying or to ignore it... ...when to expect your child to start walking and talking... ...it can be difficult to know who to trust. With so much information out there, it's important for you as a parent to make sure you take the time to learn how to care for a child. You and only you can do this for yourself. But... ...I can help. In fact, I have something that will do just that. And it's called... "How To Create A Super Baby" - The vital things you must do in the first year of your child's life! If you are ready to love your child endlessly, I can teach you what you need to know during your infant's first year of life. When it comes to baby's, everyone seems to have an opinion. And everyone is willing to help. But ultimately, it is up to you to love and care for your child the best that you can. There are so many things a baby needs more than just love. And you may be surprised by what those things are once I let you in. Babies are a lot different than you and me, physically and emotionally. A loving and caring mother and father will make sure they are ready to give their child the best first year of their life possible. "What's Your Baby IQ?" How much do you know about babies? You may know how to hold one, feed one, or change one. But have you ever been solely responsible for an infant who relies on you and only you. Have you ever gotten to know a baby so well that you could tell which each fuss, sniffle, or grunt meant? Well get ready. And my guide will help you. My 35+ page guide, "How To Create A Super Baby" - The vital things you must do in the first year of your child's life! is your first step to providing the best home possible for your child. You can download it straight to your computer and start getting ready for your new family member now. ...here is just SOME of the information you will find inside: When it is time to let people come over to hold the newborn baby. 6 toys you should introduce to your baby at three to six months of age. 5 toys that will help fine-tune his or her motor-skills from 6 to 9 months

of age. How to decide if the newborn should sleep in your bedroom or its own. How to deal with jealousy issues when you introduce the new member of the family to his or her brothers and sisters. Learn what to expect from your babies first cold - and what NOT to give them! 1 Chart to let you know how much sleep your baby needs throughout it's 1st year, starting with 16-22 hours in his or her first two weeks! 3 types of sounds that have been proven to help quiet fussing babies.
