"Here's How To Easily Keep Your Websites And eBooks Secure From Hackers And Thieves..." PLUS - A Special Bonus For You: If You Order Today You Also Get Full Resale Rights To This Product And Website So You Can Sell It Yourself And Keep Every Single Dollar You Make! Hi, I'm Louis Allport, Right now - hackers want to break into your website. Why? So they can send spam anonymously through your website - creating a whole heap of trouble for you in the process. And that's just the tip of the iceberg of what they want to use your site for. There's even more malicious things they might try to use your site for, like phishing (stealing personal details from people). And to make matters worse - online thieves are looking to steal your valuable content. As an example - I've seen many high quality eBook products ripped off, and then resold by spam. Am I painting an overly bleak picture? Well, I will admit that at the 'easier end' of the hacking market, there's simply web users who want to find the 'good stuff' on your web site for free. You know - people who try to access your eBooks and other pages for free, that only paying customers should ever see. And it's up to you to keep all your content and websites safe. However, it can be a lot easier than you may have thought... Discover Easy Online Security It doesn't have to be complicated at all keeping all your valuable website and ebook content secure. And you don't have to be technical. If you're familiar with basic online skills like creating simple web pages and FTP, that's all you need to know to make sure all your content is secure from those who would like to steal your content, and hack into your website. I reveal step-by-step these very easy to follow tactics in a set of brand new coaching videos that you can view directly at your computer: These fourteen videos come to a total playing time of 146 minutes. Here's a quick run down of exactly what you get: Video One (8 Minutes) In this video you'll discover an incredibly easy way to keep your private pages hidden. Video Two (15 Minutes) Here I'll talk you through step-by-step how to easily integrate ClickBank and PayPal with your private download pages. Video Three (8 Minutes) In this video I'll show you how to set up 'special' download pages for teleseminars and customers you speak with over the phone. Video Four (8 Minutes) Here I'll talk you through an easy way to make sure no one on your site 'stumbles' across your eBook before they purchase. Video Five (7 Minutes) In this video I'll talk through an easy way to keep your

sensitive information out of the search engines (not enough people use this easy yet powerful tactic!).

Video Six (15 Minutes) Here I talk through further easy tactics for keeping your eBooks and folders secure and 100 out of the search engines. Video Seven (20 Minutes) In this video I talk through one of the fastest ways to set up a password protected private members area on your site. Video Eight (6 Minutes) Here I talk through how you can instantly know as soon as anyone has stolen your website content. Video Nine (3 Minutes) In this video I talk through how to encrypt your HTML code, and whether I think it's a good idea or not, and the reasons why. Video Ten (3 Minutes) Here I talk through how you can encrypt your JavaScript and other code. Particularly useful if you're selling software. Video Eleven (10 Minutes) In this video I reveal an often used way to stop people stealing your website content - but - I also reveal why it doesn't really work and why I feel it's a really bad idea to use. Video Twelve (18 Minutes) Here I talk through how you can easily protect the content of your eBooks. This is exactly what I do to stop people stealing my work. Video Thirteen (17 Minutes) In this video I talk through four vital tactics for keeping your website secure. Video Fourteen (8 Minutes) Here I talk through further and even more powerful ways of keeping your PDF documents and important pages out of the search engines.

For PC's Only - Not For Mac I must tell you that this eBook only works (to my knowledge) on PC's. If your computer is running Microsoft Windows, you won't have any trouble at all viewing this eBook successfully. However, if you're on a Mac you'll more than likely have trouble viewing it.

A Great Product + Resale Rights = BIG Profits For YOU I'm sure you know there's a ton of eBook resale rights around these days. BUT - if you really want to make money selling an eBook you have rights to, you need: * A very high quality product. * An effective sales letter. * A professionally designed website with great looking graphics.

Now - this eBook is brand new. Get a copy now, start promoting it immediately and you'll make the most profits. Wait a day or a week or a month, and literally more and more profits will pass you by. Now, I'm certainly not saying this to brag, but I wrote this sales copy, and my copy has sold hundreds of thousands of dollars worth of products online, if not millions of dollars worth. AND - from very affordable eBooks like this one. Don't believe me? Then search Google for "Louis Allport" and see what you find. Now, the Google index does fluctuate for many reasons. But right now (as I'm writing this), I see several thousand websites selling my products. Even if each one of those sites is selling just one copy of a \$20 eBook a week that I wrote the copy for, that adds up real quick. My copy and products have made many people a LOT of money over the past two years. They can make YOU money too - all you need to do to get started

is grab a copy of this product. And just by having a copy of this product, you can sell it or present it pretty much any way you choose. You can even turn it into a physical product by putting it onto a data CD or a DVD. This would make it a good way to sell on eBay. It's totally up to you! If you're interested in the resale rights and selling this product yourself, I'm sure you realize that the sooner you get a copy, the more you will profit. The longer you wait, the more your competition will pick off your customers. This video eBook is only \$1. Tags: plr, mrr
