This is the story of how I managed to make it to from zero to stardom in five days... First thing first, I will initially tell you how I decided on a niche and how I managed to get a killer idea to produce a website that locally, here in my country and even in Europe is making a killing. Dont worry the website is not important in itself, but rather the method I use will help you get the same results I managed to obtain on this website. I will show you how to replicate this on ANY other website you want because it is so easy to use and yet so powerful. So the story begins as follows.. Tags: seo
