Here's How To Build An 80,000 Strong Email List Someone I work with closely has an email opt-in list with well over 80,000 eager readers. He's in touch with them around once a week, and they actually love to hear from him. This valuable list makes a LOT of sales from him. Week in. Week out. And just a few short months ago his opt in list was around the 60,000 mark ... even in these tricky times his proven opt in process continues to gain steam! Or how about the story of Martin's website ... 100,000 New Subscribers In 6 Short Months One website I frequently visit was started as a hobby two years ago by an English guy called Martin. Six months ago he announced the site had 100,000 email subscribers. The site now has over 200,000! Now, even though this site has no advertising budget, it has some unique marketing tactics. And by using cutting edge email opt-in tactics that work like gangbusters, the site has grown like crazy. I'll reveal all these (and many more) powerful and bang-up-to-date email list building tactics in my brand new video coaching product "5 Fast Ways To EXPLODE Your Opt-In List": Don't believe me? Then search Google for "Louis Allport" and see what you find. At this time I see up to 847 websites selling my products ... and up to 2,580 sites when I search Yahoo! Even if each one of those is selling just one copy of a \$20 eBook a week that I wrote the copy for, that adds up real quick. My copy and products have made many people a LOT of money over the past two years. They can make YOU money too - all you need to do to get started is grab a copy of this product. You've purchased this product with Private Label Rights. You are free to sell it and keep 100 of the profits. Tags: plr, mrr, kit
