These are the scripts you will find inside of this package... Auto Countdown Want to see next big sale? This script will help you see it very soon! Its nicely suitable for any new product launches. Auto Launcher This script will not only works for counting down to a new product launch But it will pull your customer urgency out just showing limited time condition! When a person goes to your website, the countdown will start. If they leave and come back, it will continue the countdown for them. And when the countdown ends, it will redirect them to your new sales page. Auto RSS Just choose a niche keyword and it will help you promote and populate your site using free contents like online news, niche articles posts of blogs or forums and even video or audio file on the net which related to the keyword you choose! Auto Squeeze You will see more subscribers on your list using this script. This is Auto Squeeze script which will promote the visitors with a self destruction offers! This script will create a floating op-tin box on a web page for your visitors to subscribe easily. This kind of script will help you pull out your visitors urgency to decide making their action! You will see your subscriber list exploded! Easy Cloaker This smart script will help on preventing you from affiliate choppers who want to steal your affiliate commissions by cloaking your affiliate links with ease. Its not only do that but will help you build a much more beautiful affiliate link and shorten it too! And your cloaked affiliate links will pass the spam checkers and you can be rest assured that your subscribers on your list will receive your messages that including your affiliate links. You now can stop your worry at all! Easy Split Test As you know that split testing helps you on finding the best sales pages that convert

the best! So, this is such a great PHP script that will help you or your visitors test several versions of sales pages easily and effectively. Email Router From now on, your subscribers who are using free email accounts out there will never complain about spam at all. Mass URL I supposed you should already known TinyURLlike others too. Yes, its a pretty link shorten tool that really famous online now. But TinyURL is a blacklisted URL to be used while sending email and normally blocked and keep in spam box instead of your customer inbox. But Mass URL is use and install on your own host on any domain you have and can be used as many as you like!
