

Php Mysql Yahoo Style Link Directory/search Engine

[DOWNLOAD HERE](#)

This Script is a PHP and MySQL powered links database which allows You to run a database driven categorized links section on a web site - similar in structure to Yahoo or any other categorized links collection. Features include: * Fully database driven utilizing MySQL. * Full template system allowing you to control the HTML output of the script without needing to alter any of the PHP code. * Easily customizable if you wish to alter the script in any way. * Very easy to admin via the web - log in and add / edit categories and links. * Visitors to your site can recommend new links, which you can then validate. * Allows visitors to rate your links from 1-10, and displays average rating. * Rating a link more than once is discouraged using cookies. * Number of hits each link has received is recorded and displayed. * Very easy to set up and use, thanks to an installation script and config file. * Built in Search Feature. * Most popular, top rated and newest links pages.
