Kidnapping, snuff films, amputee geeks, and a requiem for lost love.... Cast adrift after the blood symphony of Penny Dreadful, Phineas Poe is looking for answers in the form of a woman. He tracks Jude to San Francisco, where he finds her involved with John Ransom Miller, a wealthy sociopath with a mysterious hold over her. Jude is nursing her own revenge fantasy, but she needs Miller's help, and in exchange Miller wants Jude to help him with an unspeakable crime. Alone and outgunned, Poe hopes he can save Jude from herself, make sense of his own past, and navigate the torturous internal landscape he calls hell's half acre.
