Warning: Not for the easily offended... Discover How One High Roller Went From Nothing To Six Figures In One Year... Mercilessly Dominating Niche Markets By Using Heavy-Hitting Marketing Tactics! Dont worry where I am... what are you, a snitch? Dear Babbo: All my life, Ive been told there are two people - winners and losers. And there is no way in hell I ever planned on being the latter. So even before I officially became an Internet Marketer.... I knew Id dominate the Net with the same vigor as a fox in a henhouse. Because thats the way I do things. It was no surprise that within a year, I was the Boss of Bosses Capo di tutti capi and a BIG earner if you know what I mean. And because of that... I have the power to teach anybody how to make a LOT of money. (Im talking suitcases-full-of-hundred-dollar-bills kind of money.) So lets cut to the chase. Listen to to me and you can be a high roller faster than the time it takes to say... Im Begging You... Please do not Clip Me! Because this is some brain-dead easy sh*t. But dont take my word for it. Look at what people say about me... Some of your ideas have enabled me to pay off \$8k of debt in three months. I first got interested in making money online about two years ago. I did not make money with any consistency until I came across your work. Some of your ideas have enabled me to pay off \$8k of debt in three months. Looking forward to receiving more of the most useful and profitable advice that I have come across. Its a lot easier to be motivated when things are kept simple and profits are not too long in coming. Nick R. If everybody read this, wed all be in the money. If everybody read this, wed all be in the money... and better yet, wed stop the incest. - Russ Reynolds ...Just find it absolutely amazing. One thing I know for sure... youve been producing such good quality stuffs that those of us who know you or are acquainted with you just find it absolutely amazing. Please keep up the good work! - John Chan Youve really nailed the key to making anyone a success online.. Youve really nailed the key to making anyone a success online, particularly in the I am niche. Also, I really enjoy reading your stuff as it is a lot more personal than many of the reports that are sold and made available every day. Thanks, - Sean See... while other marketers are sitting around in roundtable discussions... debating about how to increase conversions by .5 of a freaking percent... Im clicking a few buttons and watching the thousands come pouring in to my PayPal account. Its gotten to the point that its

absolutely effortless. And in just a year, I figured out how to go into any niche and... Squeeze It For Everything Its Worth Ive learned... - How to bulldoze through and dominate any market... no matter how big the niche (Screw anyone who tells you to go for the smaller markets... theyre just trying to brainwash you and eliminate competition.) - How to push a button... and unleash floods of customers that that are practically wetting themselves to hand you money... - How to use taken for granted Internet Marketing tactics to demolish small niches and turn little fish into the Bullies Of The Ocean (Im positive that even you know about these techniques... but youd never think to use them the way that I have!) - The 5 Characteristic formula that will doubtlessly identify every profitable niche... and tell you which ones to stay far away from... - How to become a guru in any niche overnight... and make people trust you so much that theyll throw their money at you (Youre going to be shocked at how easy this is.) And more importantly, there is ... A Snowballs Chance In Hell ...of me ever waiting for my money. Thats why my first order of business was to learn... How to get I-N-S-T-A-N-T PayPal cash.... There is no way that a high roller waits for money to come in the mail. And dont think for one second that my motto has been hurting business at all. You Want To Know How I Did It? Im sure you are wetting yourself over there. But first, let me tell you what I wont do . I wont... - Work hard. I am lazy. I like it that way. - Create my own products. Nah, Id rather leverage other people and let them do the work for me (And that doesnt always mean that I pay them for it.) - Spend a lot of money. I have entire membership sites created for under \$97. There is just no need to spend a lot of money to make a lot of money.) - Get stressed. I only use simple and straightforward techniques. - Have an office. I can work in my boxers if I want... and I do! And whenever I think... This Sucks! ...about anything, I just wont do it. I dont need to. Because... I have weapons. Weapons such as... Three specific letters that will make you an absolute killing online (You will never look at the alphabet the same way again.) A painstakingly simple wealth-building blueprint... One precise word to use in your titles when naming products... itll sell you hordes of copies every single time... A cloak-and-dagger X factor that will make you a guru overnight....(No need to waste any time making wads of cash) The exact resources that I use to catapult my business and save money at the same time (THERE is just no need to waste money on high-tech crap when you know about these free alternatives.) Nine traits that are absolutely crucial to success (Without these, you are destined for failure.) Precise names and contact information of content creators to use... so no time is wasted dealing with low quality third-world workers... A super-stealth trick to use if business should happen to plateau.... which gives you

more customers than you can handle (Not to mention the extra cash.) And the best part is... once you know about these things... its all just so simple. Stupid-simple, really. Its better that way, because... I Would Rather Gouge My Eyes Out ...than do a lot of work. I have more pressing things to do. (Like drive around in my Aston Martin.) I use other out-of-the-box techniques to provide me with more free time such as... - How to immediately annihilate any competitor... using sheer brute force (Using this tactic leaves your prey absolutely defenseless!) - How to get industry experts to be the face of your product... all you do is sit back and collect the profits... - One specific word that will make customers fall over themselves trying to shovel money your way (This word has downright hypnotic powers.) - How to eliminate the guess-work and figure out exactly what your market wants and how to fill it... without wasting one single, solitary second... - How to create sites that funnel scads of traffic to your products... (You will hit your forehead and wonder why you never tried this yourself.) - Exact domain names that will get you listed high in the search engines... even if your site sucks! - How to get your customers to promote on your behalf... without you lifting a finger! (You will giggle like a schoolgirl when you read this one.) - How to instantly get top 10 listings on Google, Yahoo, and MSN... for whatever niche you choose... - How to effortlessly create lists of hyper-responsive buyers that have already purchased other products in your niche (This is the quickest possible way to get new customers. Period.) - How to launch any product and have it spread like fire instantaneously... - How to get your customers to create your product for you... without having to pay them (You will wonder why you ever considered outsourcing.) - After all... my time is valuable. And I want to work smarter, not harder. - Speaking of that... remember how I said that I squeeze niches for everything that theyre worth? You should see some of the stuff that I carry out. Its... Downright Evil ...or maybe ingenious. (Im fine either way.) Ive pulled off... - How to take a one-time product... and package it as a membership site so that you can have recurring payment time and time again (When you read about this, you are going to be stark raving mad... especially if it was done to you.) - A secret strategy that practically forces people to buy your upsells... - How to have people practically begging to be on your list (Ive considered shutting down lists just to toy with people!) - How to make your customers feel as if you are offering immense value... even though you are not doing any extra work... - A simple feature to add to any product that people will immediately pay hundreds for... even though it takes little to no effort on your part (Your eyes are going to widen to the size of saucers when you realize how insane this is.) - How to make any customer eagerly plunk down money any time you create a new

product... giving you scores of customers for life... - What the perfect upsell for any product is... and why your customers will inhale it (This is a simple maneuver that appeals to basic human nature.) - How to get the most respected and proven affiliates falling over themselves to promote your product... every time (Do this and itll be like youve outsourced your own personal sales force.) - How to create brimming-with-value products for literally pennies on the dollar... - How to get people so eager to visit your site... that they almost break the clickers on their mouses... (This is one of my personal favorites.) - How to get so much free publicity for your site that people will think youve hired an agent... - How to take products that you are already offering... but craft them in such a way that you will double, triple, and quadruple your profit (I smile just thinking about how easy this is.) - How to have the same product as everyone else in your niche... but make yours sell 10x more... - How to take a \$97 investment and flip it into the \$3k - \$5k range... effortlessly (This one boggles peoples minds.)
