Make Website Promotion A Cakewalk With Video Marketing! Did You Waste Thousands Of Dollars On Marketing Your Business Online? Does The Dream Of Seeing Your Website Listed On The First Page Of Google Continues To Remain Elusive? Leverage on the power of video marketing to become an online sensation! Connect to your potential customers and become a brand name to contend with! Is marketing efficiently, effectively as well as competitively seeming almost impossible for you? Have you spent months of hard work and several thousand dollars trying to demystify the SEO puzzle? Are the self-claimed SEO experts proving worthless to you? Are you feeling the heat of economic crunch? Dont feel disillusioned! There is still a way of attaining high ROI! Use video marketing instead of the traditional techniques to see yourself climb up the social ladder! Get Listed on the First Page of Search Engines with Video Marketing According to TubeMOGUL, in December 2008, each of almost 150 million US Internet users watched 96 videos. The Interactive Advertising Bureau estimated that 155.2 million US people watched videos in the 2008! A staggering 12.2 billion videos were viewed per month in the US in 2009. An average internet user watches 182 online videos per month! These figures must have convinced you about the efficacy of videos in reaching out to a larger number of audiences. It guarantees several other benefits: * Improve your familiarity with the market easily and quickly * Boost up the appeal quotient of your videos, grab viewer attention easily and create an indelible brand image * Pre-sell your offers and encourage the traffic to take the desired action * Get bloggers and other websites to feature your video on their web pages * Improve your search engine rankings * Enhance the browsing experience of your viewers by combining text and images * Present your product or service in your own voice, drive large number of traffic and effortlessly convert them into long term clients * Re-edit your video content to offer fresh information on a weekly basis * Create relationships and earn huge return on investment * Enjoy unrivaled brand exposure as opposed to any other form of online advertising * Get a competitive edge over those who are still decoding the complex SEO-SMO techniques Using Video on Your Websites will be Your Mantra for Online Success Web pages are cold. On the contrary, a video offers dynamic pictures. People can see and hear you. Videos have the potential of creating indisputable relationships.

Furthermore, there is so much competition in the Internet world that it is nearly impossible to stand out in the crowd. A high quality video is all you need to increase your visibility four-folds! Project emotions with texts and imageries, empathize with customer requirements and see your clientele growing. Capitalize on the 3Vs verbal, vocal, visual backup to spread your sales message to potential customers! Make your videos informative, explain every aspect of your business, win the viewers trust and get recognized as a reliable brand. Drive a large number of traffic to your site without spending unnecessary time and money on deciphering other search engine algorithms. Learn how to give a title, format, publish and optimize a video to give a massive fillip to your search engine rankings. Become an undisputed online sensation in no time, with incredibly low investment and amazingly high turnovers!
