Who Else Wants To Build *INSANELY* Profitable Affiliate Sites, Suck In FREE Traffic On Autopilot And Ramp Up Your Weekly ClickBank Checks?! In Minutes From Now, Discover How To Achieve Page 1 Rankings on Google In 3 Hours or Less Set It And Forget It Style! Introducing ClickBank Paycheck Secrets!... *Total Running Time: 1 hour 25 minutes 13 seconds* Finally... Here's A Real Course That Shows You Exactly - Step-By-Step - How To Make Real Money! And Line Your Own Pockets With Fat Checks From ClickBank... Week In, Week Out! While this course is designed specifically for ClickBank affiliates, the principle in general works with affiliate marketing of any form. Even if you promote affiliate programs that are 3rd party or in-house, this will still work. However I like ClickBank because it's convenient, there are new products added around the clock, and you can easily pick and promote any products from any niche - all in one place. The core of my program is to learn how to build insanely profitable affiliate sites for yourself, achieve Page 1 rankings on Google in 3 hours or less... and do it "set it and forget it" style! What You Also Need To Know About This Course: This is NOT a course on one of those money-making fads. You've read my story. I am into building a business that lasts. I hate the idea of working my butt over and over again and that said, I hate buying into anything that teaches how to cash in on short-term trends. This is NOT some overpriced E-Book. In fact, I recorded my teachings in video form so I explain to you better. I'm sure you've read tons of E-Books that give subjective, vague explanations. I've been there too and this is why I prefer to do videos to educate you better. This is also NOT a course on how to make money in the "make money online" niche. A lot of marketing courses out there seem to direct other people into the same crowded, over-saturated "make money" niche... while the rest of the ocean is abundant! Conversely, my methods in just about any other niche with a demand. I hope I've got you excited already. :-) Here's a more detailed look at my step-by-step course: Video 1 - Market Research Stop hanging around the "make money" niche! This place is getting saturated by the hour. So many 'guru courses' teach their own students to come here first, only to be beaten and battered by superior marketers. Learn how to find profitable niches that are untapped with minimal competition, and product to promote. Here I take you through several free or low-cost, readily available tools that will

help you identify what exactly the market wants, trends and whether this niche is bound to convert or not.

Running Time: 12 minutes 08 seconds Video 2 - Keyword Research, SEO Competition Analysis and

Domain Secrets Every time I come across a sales letter that says 'No Google needed' I cringe. This is what a lot of "make money fast" courses are about. If you want to learn how to build a business that lasts, then here's how to generate a massive keyword list at a click of a button and uncover low SEO

competition keywords that will help secure high rankings on Google! There's also a little secret about domains that not many know about, which I discovered by accident! This little strategy alone will make sure your affiliate site shoot up the rankings with minimal to no backlinking efforts required. Running

Time: 13 minutes 51 seconds Video 3 - Related Keywords Continuing from where we last left, in this video you will learn how to find related keywords to your primary one to make your website keyword rich so that Google will have no choice but to rank your website. This will also allow you to generate traffic from other keywords that we're not primarily targeting. This is long-tail keyword... being passive! Running

Time: 03 minutes 06 seconds Video 4 - Wordpress Installation How to redirect your Domain DNS to your webhosting provider and install Wordpress step by step. If you have no technical experience or consider yourself a 'noob' with script installation, don't worry. I will show you to set up your WordPress blog

step-by-step. By far, WordPress is the best way to set up your affiliate site's infrastructure because not only it's naturally SEO-friendly, you don't have to know HTML to know how to edit your website! Running

Time: 03 minutes 59 seconds Video 5 - Wordpress Settings and Must Have Plugins After installing

WordPress, this is a walkthrough of WordPress essential settings, proven-to-convert themes to use (you can get them free by the way) and must-have plugins for Search Engine Optimization. Running Time: 12

minutes 54 seconds Video 6 - Adding Content to Your Website How to add content to your website and where to put your affiliate links for optimal conversion. In here we also talk about pre-sell story copywriting strategies to build relationships with your visitors that will skyrocket your sales. Remember that people

only buy from those they like, trust and admire! Get this wrong and you probably wouldn't make any sales at all. Running Time: 15 minutes 57 seconds Video 7 - Creating Pages and Widgets How to create pages

and widgets to add more personality flavor to your website... overnight! Running Time: 08 minutes 50

seconds Video 8 - Getting Your Site Indexed Fast Here's a myth I want to dispell and the proof is in this video. Instead of waiting for months for Google to pick up your site, here are little known methods to get your brand new website indexed in less than 7 days! (can be faster actually, but since Google indexes

hundreds of thousands of new sites a day this can take a while... sometimes) The sooner you get indexed, the sooner you'll be climbing the ranks... which at this point can be done in 3 hours or less!

Running Time: 05 minutes 56 seconds -Video 9 - How to Scale Up to a 5 Figures Per Month Business

Here I answer some of the most common FAQs and how to crunch the numbers to scale up to a 5 figures per month business from affiliate marketing on ClickBank! Running Time: 08 minutes 32 seconds So How

Much Is ClickBank Paycheck Secrets Worth To You? "Buy It Now For Only \$9.99 USD! ..."
