He found her handcuffed to his bed. Can they unchain her memories in time to save her life? When pharmaceutical researcher Alexis Knight returns home from the Amazon jungle in a quest to reclaim the year of her life lost to amnesia, she discovers a host of changes have taken place in her absence. Not only has the shy, geeky boy she knew years ago transformed into a virile, confident hunk, he's bought her family home and is in the process of turning her late mother's bedroom into a den of iniquity. When Jake O'Malley finds spitfire Allie handcuffed to his bed, accused of breaking and entering, his first thought is that his dreams have been served up to him on a platter. Then he realizes she's not acting when she says she doesn't remember the past year, nor her own mother's death. As Jake eases Allie past her grief, her journey to reclaim her memories entwines with an exploration into the world of BDSM. Just as their psychological duel to dominate heats up, they make another, more chilling discovery. There's a reason Allie lost her memory-someone wants her dead. Warnings: This book has a to-die-for, want-him-to-take-me-home-and-sex-me-up hero. Hero has hot, kinky, explicit sex with the heroine, which may induce jealousy. Spanking and light bondage are involved so have a cold beverage, a fan and a significant other nearby. Author: McKade, Mackenzie Publisher: Samhain Publishing, Ltd.
