Quicken Home & Business 2008 Because, for you, business is personal. If you have a home business or are self-employed, you need Quicken Home & Business 2008. It is the only Quicken software that brings your personal and business finances together -- while letting you manage them both separately -- for a complete view of your financial picture. Perfect for home business owners and self-employed professionals: Includes all the features of Quicken Premier, plus smart business tracking tools. Track personal and business expenses in one place and see how your business is doing. Capture all your possible business deductions and see your tax deduction status throughout the year. Connect to your bank, credit card, 401(k)s, or brokerage accounts with a single password. Make online banking even better -- bring all your personal and business online accounts together in one place. Quicken Home & Business 2008 gives you the personal financial features found in Quicken Premier plus smart business tracking tools. pic1 then words under here go under pic 1 Manage both your personal and business finances together in one place Easily see your total financial picture -- including your personal and business finances. You can manage them together or separately -- and view them as you wish. Manage your business expenses from personal accounts Because Quicken Home & Business tracks both your personal and business finances, it's easy to track business expenses you paid for with a personal account -- i.e., office supplies on a personal credit card or dinner out with a client you paid for with personal cash. pic2 Instantly see how your business is doing The redesigned Business Center gives you an overall snapshot of what's coming in for the month, what's going out, and what's left in your personal and business accounts. pic3 Easily track and categorize business expenses Quicken helps you identify transactions you enter as business or personal, income or expenses, with a single click. Avoid having to enter the same data twice. Quicken remembers the first time you enter a business transaction, then applies the same information to similar entries in the future. View all your finances in one place1 Bring your personal and business accounts -- banks, 401(k) or other IRA, online brokerages -- together in one place. Avoid the hassle of going to multiple web sites and trying to remember multiple passwords.1 With Quicken you can you can see it all in one place with just ONE password. pic 4 Maximize deductions so

you can minimize your taxes Quicken Home & Business makes it easier than ever to categorize deductions. What's more, the business tax deduction summary lets you instantly see your tax deduction status throughout the year to help maximize your deductions and help avoid any April 15th surprises. Easily import data to TurboTax.<sup>2</sup> pic5 Pay your bills on time See a monthly calendar of your paychecks, bills and expenses to help you schedule bills, set reminders and -- most importantly -- help avoid late fees. Easily pay personal or business bills right from within Quicken with Quicken Bill Pay or a third party bill pay service.<sup>3</sup> pic 6 Keep important documents together and protected Just scan in and attach related documents to particular accounts or projects, so you have everything you need in one place for easy reference at tax time. pic7 Save time at tax time - Works with TurboTax<sup>2</sup> Quicken Home & Business exports your data directly to TurboTax, so you won't have to re-enter the same information twice.<sup>2</sup> pic 8 New! Get help finding deductions you may have missed Clearly see your business tax deduction summary to date in the Business Center -- and see other possible deductions that Quicken has found to help make the most of your tax return. pic9 New! Get a total picture of where you stand The redesigned Business Center gives you an overall snapshot of what's coming in for the month, what's going out, and what's left in your personal and business accounts. New! Easily track your business' profit or loss The new Profit and Loss view in the Business Center lets you check in anytime to see how your business is growing. pic 10 Clearly keep track of expenses Improved! Categorizing your expenses is easier than ever A simple drop down menu makes it faster to categorize your income and expenses as business and personal -- right from your register. You can also add extra important details to any transaction, so you can assign it to a particular business, client or project. Let Quicken do the heavy lifting Improved! More connections to more financial institutions Quicken Home & Business 2008 connects you to over 5300 banks, brokerages and other financial institutions -- including PayPal. It's easier than ever to truly bring your accounts together in one place.<sup>1</sup> New! Import your PayPal account transactions into Quicken Whether it's personal payments or business income -- or both -- Quicken can now import your transaction data directly from PayPal. pic 11 New! See where you can save more A new "My Savings Plan" instantly shows a summary of your actual spending and compares it to what you planned to spend for the month. Quickly see where you have room to spend or save more. Set flexible spending targets on regular expenses like gas and groceries and then check your progress as you go through the month. pic 12 New! Get reminders of scheduled bills and transactions -- without opening Quicken If you're using Windows

Vista, our new Quicken Billminder Gadget can remind you of scheduled bills and transactions directly from your desktop. Online features require Internet access and are subject to change. Services vary among participating financial institutions or other parties and may be subject to application approval, additional terms, conditions and fees. More than 5,322 participating financial institutions as of 6/05/07.
