Create a Auction Website!! The auction site is one of our most popular web sites that allows you to set up your own paid auction site like ebay. The site is PHP/my SQL and runs on cron jobs for full automation. The admin area features all aspects of user and site control from account moderation payment options and advertising features. In addition, our auction site features muti currency support and payment processing support from PayPal, Stormpay and 2Checkout all moderated in the admin area, which also allows you to pick which payment processors you wish to use and set processing fees. All scripts are included, you only need a hosting account with mySQL/cron! For career seekers, membership is free. One the site career seekers can create a free resume that can be submitted for career postings by employers, plus searchable by employers. The career site also includes a rotating banner management system that is easily moderated from the admin area. SUPER BONUS: Order now and receive MASTER Resell Rights so you can sell Career Service Script and keep 100 $$$ of the profits! You'll even get a copy of this sales page which you can easily customize!
