

# Credits Script (like Xpango.com)

[DOWNLOAD HERE](#)

Users can earn credits towards their free gift via completing an offer or referring friends. Users earn a variable amount of credits per offer and one credit for each user that has completed at least one offer.

Key Features: 1. Email and Phone Verification Included 2. Ability to add unlimited sites with unlimited amount of gifts and offers 3. Postback Automated Tracking Capability 4. Ability to automatically check if an offer is dead 5. Automatically send a follow up email to remind users to complete offers to increase conversions 6. All the other great features you expect from a freebie script
