An Open Letter To Aspiring Internet Entrepreneurs Who Are Serious About Creating Their Own Wealth... Who Else Wants To Become The Next Internet Millionaire... Making Money Online The 4-Hour Work Week Lifestyle! You Are About To Discover The Exact Secrets And Strategies 7-Figure Marketers Have Been Unraveling In The Past Decade... In The Next Few Hours! Dear Aspiring Internet Entrepreneur, If you take a gander at today's newspapers, you will come across alarming headlines about the world economy on its last brink, businesses getting closed down no thanks to the recession, people getting laid off from their jobs, nations becoming more and more impoverished than ever... And you tell yourself, I don't have much time. You've heard stories of online rags-to-riches. You've seen ordinary people becoming highly respected marketing experts. You probably know of a friend who was once a marketing nobody now having everyone calling him a guru. While everyone else is going through another period of GREAT depression, these privy few marketing elites are enjoying a TOTAL OPPOSITE. * When every other business is DOWNSIZING, these people are UPSIZING their online businesses. * When everyone else is saving money for a rainy day, these exclusive few are going vacation after vacation. * When everyone else is bogged down by a 9-to-5 full-time job they cannot afford to escape, these few are working... only if they choose to. And you think to yourself... It would be so nice to be in their shoes, you would do anything to trade places with them. But Like I've Said, You Don't Have A Lot Of Time... Do You? Let's be honest. This is probably not the first sales letter you've read. I already know you are sold on the dreams of achieving your own financial independence, work whenever you want and whatever you want to be in, and never have to worry about lack of money. Ever. You're seeing other people already doing what you want to do, and you're convinced you can do it too. The problem is: it took these marketing experts YEARS of trial and error to get to where they are today. Anyone in their right mind knows that if you were to try to cram everything into your head right now, you will DIE from information overload. Period. * If you are currently employed, you already know that job security is a myth. You can risk losing your job anytime, and all the more chances now in this financial climate. * If you are an offline business owner, you can feel the pinch of the global recession effects on your business. * If you are currently

unemployed or still studying, you dont need to get another job to find out the cold, harsh truth about the never-ending rat race. Now For The Good News! Regardless of your current circumstances, did you know that you DONT have to read hundreds of books or courses on Internet Marketing to truly start making your first dollar online? Neither do you need to spend years of pioneering your way towards your first million dollar success! Look, Im telling you all these not because its something you want to hear - but you NEED to hear it. Dont get me wrong on this - you dont have to be a popular face on the Internet to start raking big bucks. Im the living proof of that statement. And I want to show you that its possible to create your own online wealth Even if you are on a shoe-string budget Whether you choose to work from home or anywhere you want Whether you want to be a rock star guru or remain under-the-radar Whether youre still working for someone else, currently a student, or already started your own business of some kind Ive been online more than long enough to see many wanna-bes who talk big but make small money. So-called gurus that try to sell you their system or money machines but dont work. Wherever youve been to, Ive been there. Whatever youve done, Ive done it too. After years of pioneering my own online business, I discovered a truth that, initially I found it hard to believe, but now comforting to know. YOU DONT HAVE TO BE EXCEPTIONALLY SMART OR TALENTED TO FIGURE OUT HOW TO MAKE MONEY ONLINE! To start making an impact on your business and monthly bottom-line, all you have to do is simply do the few things that will change your tomorrow. Its that simple. I blame the wanna-bes and so-called gurus for turning simple processes into complicated ones, and every time I hear an Internet newbie confused and complaining about how hard it is to make money online, I have my eyes on those culprits. This is why I came up with... Announcing The Internet Marketing Intensive The Highly Distilled, All-In-One Course To Accelerated Internet Marketing Success & Wealth Creation! Is that good or is that good? Jumpstart Your Online Business Today! Did you know that a lot of the richest people in history were made during the toughest of times, like the Great Depression back in the 1920s? Now that the dot com opportunity has presented itself to us today, there is no time before more exciting than now. The knowledge to build your own million dollar empire from virtually thin air is staring back at you. Will YOU Become The Next Internet Millionaire? To be frank, I could very well start a coaching program or workshop based on these materials you are seeing

right now, and charge \$2,997 per head. Really. A lot of marketing gurus are doing that today, some charging even in the \$5,000 - \$10,000 per head for their marketing secrets! And if you ask me - its well worth every dollar spent. If You Invest \$2,997 And Get A Return Of Hundreds Of Thousands, If Not Millions, Of Dollars In The Form Of Your Very Own Online Recurring Cash Machine... Will You Do It? Why not? Fortunately, it wont cost you anywhere near that amount. As said earlier, if I start a seminar or workshop, this would limit my reach to just my local area. And having been so used to the lifestyle of an Internet Millionaire, I wouldnt want to spend so much effort organizing a workshop, try to convince people in, blow my bucks away on newspaper advertising (when I can do this for FREE online and get 10 times the exposure... Ill show you how to do that too)... You know where Im leading you up to. I could very well package this into a home study course, ship it to your house and can learn everything you essentially need to know about making money online for \$997. Hey, that could work too. But no. Because I am serious about touching more lives and helping people change their financial fortunes - even if its a bit - Im willing to go all the way. Instead of a home study course or a seminar, you can download my comprehensive marketing course instantly after making your online purchase for just \$67. I will be getting the following titles in your course: * Niche Marketing Made Easy * Creating Your Information Product * Online Copywriting Persuasion * Your Traffic and List System * Email Marketing Secrets * Blogging Power! * The Affiliate Chemistry * Internet Business Optimization Master Resell Right included License Terms [NO] Can be given away [YES] Can be packaged with other products [YES] Can be offered as a bonus [NO] Can be edited completely and your name put on it [NO] Can be used as web content [NO] Can be broken down into smaller articles [NO] Can be added to an e-course or autoresponder [YES] Can be added to membership sites [YES] Can sell Resale Rights [YES] Can sell Master Resale Rights [NO] Can be offered through auction sites
