If You're Worried About the Price ... STOP IT NOW! But Puhleeez Don't Confuse PRICE with VALUE! If you really think it will make a difference in your business and your lifestyle ... you CAN go out and blow \$1000.00 or more on the next over-hyped "product launch" ... and end up with far less useable materials than you'll find here for \$9 US. So maybe right now you're asking WHY only \$19.97 ... simply because \$9 IS A FAIR PRICE that almost anyone can afford. and because GREED is a poor basis for doing business AND for living everyday life! Call me old fashioned if you want. But I firmly believe that I won't gain a thing if I attempt to profit while making a train wreck out of your personal economy. You see - my business model IS NOT built around maxing your credit card and then disappearing to Costa Rica until I need to soak the market for another million or two. I've been working fulltime online for almost 10 years ...offering responsibly priced digital products that actually help people to start or expand their own online business. Nothing about that is gonna change, except for the years I've been doing it. Tags: mrr
