You've purchased this product with Master Resell Rights. You are free to sell it and keep 100 of the profits. It was at this point that I remembered all the little details Dave pointed out as he was coaching me to write that little sales message. He pointed out... How to pull people into your message with a simple question! How to build a 'curiosity factor' into your sales message so people keep reading! (very important) Why it's more effective to use specifics instead of generality and how to do it with step-by-step examples! How to close your sales message so people will buy immediately! And many more details that you'll want to know to start generating sales like never before! It was a combination of all of these things that brought not just one or two measly sells but a 'whopping 30 sales' over a weekend and 25 of them in the first 24 hours! Like I said I was blown away and I became a believer that the number ONE most important thing you could ever learn In Internet marketing whether it's in Email marketing, Ebay marketing, or website marketing is.... Effective writing that makes the sell. With my new found knowledge I can now see why people like "Riseup" A very successful seller on Ebay who makes tons of sells on his \$47- \$90 products - He knows the simple secret of getting you to read about his product. I can easily tell you that 98 percent of his success - is in his "sales copy" and the other 2 percent lies in the fact that he has a good product. Although this Video tutorial shows how a successful email sales message is written. Dave declared that the same techniques can be applied to sales copy anywhere else on the Internet. You have nothing to lose and so much to gain when you learn to do this right! This 1 HOUR + video will give you insights and specific techniques you can use immediately to boost sales and communicate more effectively with your readers! Tags: mrr,
