This great software automates the process of submitting your links to over 200 directories. With this program, you can rotate your titles, keywords, and descriptions to make the link building seem natural to search engines. It even loads up to 10 browsers at once to get the job done with lightning speed!

Directory Buzz will also save a report of your link submissions--great for those who want to provide directory-submission services. Saves unlimited site and user profiles. You can also add or delete sites from the directory list. The list is sortable by PageRank, Alexa rank, alphabetically, and more. List is updated monthly to get rid of dead links. A great use for this software is providing directory submission services. Did you know that there are people charging \$5-\$25 for this service on marketing forums, and people line up to PayPal them money?? All for filling in a few fields and turning on a piece of software like this! Or, use it to get your own sites tons of backlinks while you sit back and drink coffee! Comes with resale rights.
