Hi, Im Louis Allport, Let me ask you a question ... Do you have a members private site, or thinking about setting one up? If the answers Yes, let me ask you a second question ... Are you shocked at some of the prices Member Site Management software and service companies are charging? Its daylight robbery. Ive seen them running up to \$15,000 a beyond. Absolutely crazy. Especially when I tell you that you can set up a private membership site, for FREE. Thats right - zero dollars and zero cents. Now, of course in that \$0.00, Im not counting your costs for web hosting, buying domain names, or any of the other regular costs that keep your online business ticking. Im here to show you how to quickly, easily, and for FREE add private member areas to your sites that are easy to manage, easy to run, AND - are very secure. Now, Ill be right up front with you - this information comes in a hefty 12 chapter eBook. And this eBook is not free (it is incredibly affordable though as youll see). However, all the information inside it can be successfully used at absolutely no extra cost to you. This information comes from the dozens of hours of my research and the hundreds (if not thousands) of hours Ive spent running and managing my own membership site. This is hard hitting, immediately usable, little seen information. And - you even get secret code (Ive never shared this before) that will make your membership site a LOT more secure. I paid a programmer a handsome sum to work with me to solve this issue. You get it at absolutely no extra cost as part of this product. Short On Time, Or Time To Burn? If you have weeks of spare time to do research and are prepared for a LOT of trial and error, then this eBook isnt for you. If youve got time to burn and are happy to make a ton of mistakes, then you may want to have a go setting up your own private site yourself without this eBook and see how things work out. However, if you: Want to set up a secure members area for free. Want to hit the ground running with your site - and pull in profits fast. Want answers and solutions NOW. Want in depth information so you have

weeks of exhaustive research conveniently packaged for you. Want tips and tricks that are not available on the internet anywhere else. Then this product is for you. Highlights From 12 Huge Chapters Heres what you get in this hefty eBook (it takes half an hour to download on a dial up connection - its that chock full): 503 unique graphics that show you every single mouse movement and click so theres absolutely no question left in your mind about what you need to do. 91 pages that cover everything in huge detail. The following list only just touches the surface, but heres some highlights from the 12 chapters in this eBook:

professionally designed website with great looking graphics. Now - this eBook is brand new. Get a copy now, start promoting it immediately and you'll make the most profits. Wait a day or a week or a month, and literally more and more profits will pass you by as your competitors start selling it. Now, I'm certainly not saying this to brag, but I wrote this sales copy, and my copy has sold hundreds of thousands of dollars worth of products online, if not millions of dollars worth. AND - from very affordable eBooks like this one - not from overly expensive products. Don't believe me? Then search Google for Louis Allport and see what you find. At this time I see up to 812 websites selling my products. Even if each one of those is selling just one copy of a \$20 eBook a week that I wrote the copy for, that adds up real quick. My copy and products have made many people a LOT of money. You could profit too - all you need to do to get started is grab a copy of this product. And just by having a copy of this product, you can sell it or present it pretty much any way you choose. You can even turn it into a physical product by putting it onto a data CD or a DVD. This would make it a good way to sell on eBay. And of course - you can even add it to your own private membership site! Its More Than A 90 Day Guarantee - Its A Promise Unlike most people, I'm not going to bury my guarantee and hope you forget about it. I'm putting it here - right out in front. And you're reading it now because you really can't miss it in this bright yellow box. That's the point. I'm this bold, because I know you will LOVE this product, and find it hugely valuable. But, if for any reason for up to 90 days (that's a whole three months) after purchasing this product you choose it's not for you, all you have to do is use the simple contact details at the bottom of this website for a full, prompt, and no quibbles refund. I'm telling you this so that you realize there really is absolutely no risk to you at all. Click here now to order.
